UPDATED LAYER A PROMPT – COPY INTO KLING

Upload the **close-up blue-lit photo** as your reference image in Kling, then paste this prompt:

LAYER A – COPY INTO KLING

Cinematic music video scene. A tall lean athletic Black male rapper with long fully red dreadlocks past his shoulders, wearing sculptural red snake-frame sunglasses, heavy diamond Cuban link chain with "NEVER JUST" iced-out pendant, "NBA JOSH" tattoo on right shoulder, full forearm tattoos on both arms. Wearing a black leather jacket, black leather pants, black boots. Stands in the bottom right of frame, waist up, facing slightly left toward camera. A vintage silver hanging microphone dangles from above near his face. Dark wet urban street at night. He performs his hook with calm fearless energy, subtle hand gestures, completely unbothered. Static locked-off camera. No camera movement. Dramatic overhead streetlight, high contrast, deep shadows, moody atmosphere. Near the end he slowly glances over his left shoulder with a calm smirk, then turns and walks out of frame. Realistic, cinematic, music video aesthetic, shallow depth of field.

FRAME COMPOSITION

Diagonal tension:

08 15-SECOND SCENE TIMELINE

- 0:00 - 0:03
Opening
Josh appears bottom-right, vintage mic drops from above. Officers begin looping in top-left. Scene established.
- 0:03 - 0:08
Build
Josh performs hook into the hanging mic. Subtle hand gestures. Officers loop — going nowhere. Surreal energy builds.
- 0:08 - 0:12
Tension Peak
Officers still stuck in the loop. Running hard, gaining nothing. Josh completely calm and unbothered. Contrast is maximum.
- 0:12 - 0:14
The Look
Josh finishes his hook. Brief pause. Slow glance over left shoulder at the officers — calm, confident smirk.
- 0:14 - 0:15
Exit
Josh casually turns and walks out of frame. Officers still looping. Scene ends. He was never catchable.

09 CAPCUT COMPOSITE – STEP BY STEP

- 1** Import Officers clip as base track
Open CapCut → New Project → Add officers clip to main timeline first. This is your background layer.
- 2** Loop officers to 15 seconds
Tap clip → **Copy** → paste repeatedly until timeline hits 15 seconds. Trim last copy to fit exactly.
- 3** Add Josh clip as overlay
Tap **+** → **Overlay** → import Josh clip. Position him to the bottom-right of frame. Scale to fit.
- 4** Blur the officers layer
Select officers clip → **Effects** → apply soft gaussian blur. Pushes them into background, creates depth.
- 5** Add motion blur to officers
Select officers layer → **Video Effects** → search **Motion Blur**. Medium intensity. Makes the loop feel like real running energy.
- 6** Colour grade the full scene
Select all → **Adjust**: Brightness -10, Contrast +20, Saturation -15. Add a cinematic LUT (teal/orange) from CapCut filters.
- 7** Add vignette
Effects → **Vignette** at 30–40%. Darkens corners, focuses eye on Josh.
- 8** Export
Tap **Export** → **1080p** at **60fps**. Save to camera roll. Done.
