ENERGY + PERFORMANCE

Completely unbothered. Calm. Superpower aura.

Near end of clip: slowly turns !' calm smirk !' walks away.

OUTFIT DETAILS

Dark burgundy sleeveless sport jersey — no letters or labels on the clothing itself. Sculptural red or iridescent snake-frame sunglasses. Diamond NBA JOSH 444 pendant on Cuban link. Iced AP watch. Josh faces slightly left, vintage mic dangling above. Dark moody overhead streetlight, deep shadows, high contrast. Police lights flickering red/blue behind the frozen officers.

Prompt note: Specify "sleeveless sport jersey, dark burgundy, no text or numbers on fabric" to prevent AI adding sports team branding.

NOTES

- &This is the classic dark-night version — maximum contrast between Josh's calm and the chaotic officers behind.
- &Do not include any letter, number or label on the jersey itself. AI tends to hallucinate "NBA JOSH" text on clothing.

Every outfit includes: Diamond NBA JOSH 444 pendant + Cuban link chain + Iced AP diamond watch + Vintage hanging silver mic

OUTFIT DETAILS

White oversized graphic tee with colourful psychedelic mushroom-eye print (large psychedelic eye surrounded by mushrooms, clouds, vivid colours). Black leather pants (fitted). Red Jordan 4s or red Air Force 1s. Red crystal-studded belt. Red snake-frame sculptural sunglasses. Golden hour warm light — orange/amber sky, palm trees in distance, wet road reflecting warm light + police blue/red flash. Vintage silver hanging mic from above.

NOTES

&& BENCHMARK — IMG_3735 is the closest generated still. Use it as the quality standard.

&Known issues on generated stills: extra fake tattoos appeared on arm (not real) + proportions skew muscular. Both need correcting.

&The psychedelic tee print should be vibrant — colourful eye, mushrooms, clouds. NOT a plain tee.

Every outfit includes: Diamond NBA JOSH 444 pendant + Cuban link chain + Iced AP diamond watch + Vintage hanging silver mic

OUTFIT DETAILS

NEVER JXST long-sleeve racing jersey — red body with black panels, white stripe down sides, circular brand logo on chest. No extra letters or text added by AI — describe the jersey as "red and black long-sleeve racing jersey with white side stripes and circular logo, no visible text." Black distressed torn jeans. Purple crystal-studded belt (iridescent, rhinestone). White Nike Shox or white Air Force 1 sneakers. Red snake-frame sculptural sunglasses. Dark night: moody overhead streetlights, deep blue/teal shadows, police lights flashing. Golden hour: warm sunset behind, palm trees, wet road.

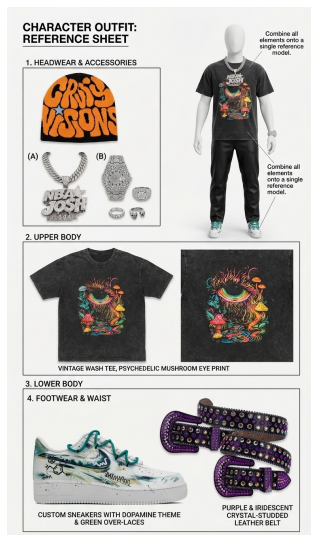

NOTES

&Two scene versions planned: dark night version + golden hour version — same outfit, different lighting.

&Generated stills show good jersey accuracy. Main drift: face/neck tattoos. Use negative prompt to suppress.

&The "NEVERXXST" text visible on sleeves in generated stills is acceptable branding — but no extra AI-hallucinated text.

Every outfit includes: Diamond NBA JOSH 444 pendant + Cuban link chain + Iced AP diamond watch + Vintage hanging silver mic

OUTFIT DETAILS

Crazy Visions beanie — orange colourway with black wavy "CRAZY VISIONS" lettering and star. Dark vintage wash black graphic tee with psychedelic mushroom-eye print (similar to Outfit B but dark/charcoal base, aged/distressed wash). Red distressed torn wide-leg jeans (heavily ripped, raw hem). Fur/shearling ankle boots. Purple iridescent crystal-studded belt. NBA JOSH 444 diamond pendant + AP watch as always. Golden hour or dusk lighting — warm orange/amber, long shadows.

NOTES

- &Left image: component reference sheet showing individual items. Right image: assembled mannequin look.
- &The dark charcoal vintage wash tee + red ripped jeans is the key contrast — not the all-black look.
- &Fur boots are key — shearling/fluffy ankle boots, not regular sneakers.

Every outfit includes: Diamond NBA JOSH 444 pendant + Cuban link chain + Iced AP diamond watch + Vintage hanging silver mic

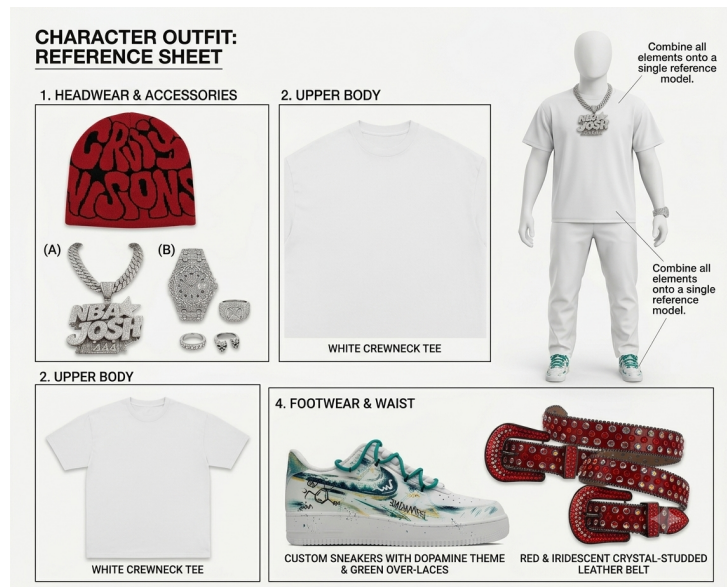

OUTFIT DETAILS

Glossy red puffer jacket — shiny quilted finish, bright fire-engine red, fitted but not oversized. Wide-leg camo cargo pants — green/brown/tan woodland camouflage pattern, baggy silhouette with cargo pockets. Blue paisley basketball sneakers — light blue base with dark blue paisley pattern. Textured sculptural sunglasses — wavy/bumpy white or pearl frame with multi-pane colourful lenses (orange, green, iridescent panels). Custom diamond NBA JOSH 444 pendant on Cuban link. Iced AP watch.

NOTES

- &New outfit — no generated stills yet. Reference sheet shows all individual pieces.
- &The glossy red puffer vs camo cargo is the key contrast — bold colour up top, tactical down bottom.
- &Sunglasses are the unusual wavy textured sculptural style — NOT the regular red snake-frames.

Every outfit includes: Diamond NBA JOSH 444 pendant + Cuban link chain + Iced AP diamond watch + Vintage hanging silver mic

OUTFIT DETAILS

Crazy Visions beanie — red colourway with black "CRAZY VISIONS" lettering and star. White crewneck oversized tee — plain white, clean, no graphics (simple base to contrast the beanie). Camo cargo pants or black pants — either works. Custom dopamine-theme Nike AF1s — white base Air Force 1 Low, teal/green over-laces, painted dopamine molecular structure design in teal on the sides. Red iridescent crystal-studded belt. Diamond NBA JOSH 444 pendant + Cuban link + AP watch.

NOTES

- &New outfit. The clean white tee + Crazy Visions beanie is a minimal look — let the accessories carry it.
- &The dopamine custom AF1s are the statement piece — specify "custom painted sneakers, teal/green dopamine molecular design".
- &Red crystal belt adds the colour accent at the waist.

Every outfit includes: Diamond NBA JOSH 444 pendant + Cuban link chain + Iced AP diamond watch + Vintage hanging silver mic

MIX & MERGE OUTFIT SELECTION: OPTION 2

Option 2: Distressed Shearling & Racing Edge (with Red Leather Pants)

OUTFIT DETAILS

Distressed shearling fur bomber jacket — brown/tan outer shell, thick fur lining visible at collar, cuffs, hem. Worn and aged. NEVER JXST red/black racing jersey worn underneath (visible at collar and waist). Red leather pants — fitted, high-sheen red leather. Custom painted Nike AF1 Mid — white base, teal/green painted dopamine design. Sculptural red iridescent sunglasses (same style as red snake-frames from other outfits). Diamond NBA JOSH 444 pendant + AP watch.

NOTES

- &New outfit — Mix & Merge Option 2 from the reference sheets.
- &The shearling jacket is the hero piece — heavy fur collar, vintage and distressed. Not a clean jacket.
- &Red leather pants are key — glossy, fitted red leather. The Benz scene uses a different pant.

Every outfit includes: Diamond NBA JOSH 444 pendant + Cuban link chain + Iced AP diamond watch + Vintage hanging silver mic

OUTFIT DETAILS

Minecraft creeper graphic tee — lime green, large black creeper face (two square eyes, T-shaped mouth) on chest. Clean, recognisable. Wide-leg camo cargo pants — green/tan/brown woodland camo pattern, baggy silhouette with cargo pockets. Blue paisley basketball sneakers — same as Outfit E. Diamond NBA JOSH 444 pendant + Cuban link + AP watch (the high-low contrast is the point). Vintage hanging mic in frame as always.

Concept: The unexpected casual gaming reference + full diamond jewellery + cops frozen behind him = maximum contrast comedy/power move.

NOTES

&The humour IS the concept — he's wearing Minecraft in full diamond jewellery while police are helpless behind him.

&Keep the jewellery immaculate to sell the contrast. The outfit is playful but the energy is still unbothered.

&Could work as the final post in the series — the most meme-able moment.

Every outfit includes: Diamond NBA JOSH 444 pendant + Cuban link chain + Iced AP diamond watch + Vintage hanging silver mic

OUTFIT DETAILS

BORROW FROM REFERENCE (IMG_2971): Deep metallic red AMG Mercedes-Benz GT 4-door — iconic front grille, open driver door, interior with purple/pink ambient LED lighting.

Character leans against the car casually. OUTFIT: White streetwear jacket over graphic tee + embroidered white cargo shorts + purple Nike VaporMax sneakers + wavy sculptural sunglasses (colourful multi-pane lenses).

Officers in full uniform frozen mid-charge in background behind the car. Josh leans on Benz, completely unbothered, diagonal relaxed pose.

& IMPORTANT: The reference image has a different character face — MUST replace with Josh's likeness. Same slim 6'3" build, red dreads, same jewellery.

NOTES

&& Replace the character — the Benz and outfit are borrowed, the face must be Josh's.

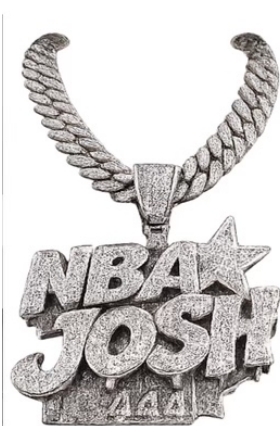

&This is the highest-production-value scene — save it for the final post for maximum impact.

&Interior ambient purple/pink lighting reflects off the wet road — cinematic quality frame.

Every outfit includes: Diamond NBA JOSH 444 pendant + Cuban link chain + Iced AP diamond watch + Vintage hanging silver mic
